

**Functional Equivalents to the
Qualified Admission Mathematics Courses
Nonresidents**

To demonstrate successful completion of the functional equivalent of the qualified admission precollege mathematics courses described in [K.A.R. 88-29-11](#), each applicant shall provide both of the following:

- I. Documentation on the official high school transcript of completion of any two units of high school mathematics courses with no grade lower than a C and at least one grade of B or higher; and
- II. Official documentation of achievement of at least one of the following:
 - A. A score of three or higher in either of the following college board advanced placement (AP) courses:
 1. Calculus AB; or
 2. Calculus BC; or
 3. A grade of C or better in a general education mathematics course taken before high school graduation and either offered by or accepted in transfer by a state educational institution.
