New Program Request – NCCC Dietary Manager

Narrative

Program Description

- Provide a complete catalog description (including program objectives) for the proposed program.

Dietary Managers work as food specialists who oversee the daily management of a food production facility. Roles include menu planning, food purchasing, employee hiring and supervision, food production and service, attention to nutritional needs of clients, maintaining sanitation and food service standards, and more.

This 16-credit hour Dietary Manager Certificate program follows the standards set by the Association of Nutrition & Foodservice Professionals. Upon completion of the program, students will be prepared to sit for the certified dietary manager credential.

A certified dietary manager has the education, training, and experience to competently perform the responsibilities of a dietary manager and has proven this by passing the nationally-recognized CDM Credentialing Exam and fulfilling the requirements needed to maintain certified status. CDM’s work together with Registered Nutritionists to provide quality nutritional care in a variety of non-commercial settings and perform a myriad of specialized tasks and roles within a foodservice operation.

The Dietary Manager Certificate program is designed as a terminal certificate program. Certificate students are not required to take specific general education courses.

Program Outcomes

1. Apply nutrition principles.
2. Demonstrate foodservice principles.
3. Demonstrate personnel management and effective communication.
4. Apply sanitation and food safety standards.
5. Demonstrate basic business operations.

- List and describe the admission and graduation requirements for the proposed program.

Admission

Although there are no examinations required for general NCCC admission, all degree-seeking students and students enrolling in English composition or mathematics courses must provide placement scores from a testing instrument approved by the college. Degree-seeking students without placement scores must take the college’s resident placement test or provide a HS transcript/GPA.

Official transcripts of all GED or high school work and transcripts of all prior college coursework are required of all degree-seeking students. Transcripts must be sent directly to the Registration office at NCCC by the issuing school.

Categories of students who will be admitted to NCCC are listed on the next page:
1. Graduates of an accredited high school;
2. High school students who have completed the freshman year of high school and are approved by the high school administration;
3. Gifted children, as defined in K.S.A. 72-962 (g), who are enrolled in any of the grades 9 through 12 and who have been recommended for early college enrollment;
4. High school students who have not completed their freshman year or have not been designated as gifted may enroll for audit during summer session with permission of their high school principal;
5. Persons who have successfully completed the General Education Development (GED) test battery;
6. Persons 18 years of age or older who have not graduated from a state-accredited high school may be admitted conditionally after taking an appropriate placement test or providing an unofficial 6-7 semester HS transcript, or other suitable assessment to determine if the student has the ability to benefit from the courses in which the student wishes to enroll;
7. Students transferring from an accredited college or university;
8. Students that have been determined by NCCC, after evaluation of their educational credentials, to be able to benefit from the courses in which they wish to enroll;
9. Students who demonstrate the ability to benefit from college as defined by NCCC policy.
10. Home-schooled students and those from non-accredited high schools will be accepted for admission provided they take the ACT or SAT exams and obtain an ACT composite score of 20 or higher, or an SAT composite score of 850 or higher. Students with scores below these minimums will be required to pass the GED exam. Home schooled students and those from non-accredited high schools will also be accepted for admission if they have completed the ACCUPLACER test and taken college courses as a junior or senior in high school.
11. International students have specific admissions requirements are encouraged to work with the admissions office for current requirements. Admissions@neosho.edu

Graduation Requirements
To earn a certificate, students must successfully pass all courses (16 credits) and have a cumulative GPA of at least 2.0 on all courses within the certificate.

• Describe/explain any business/industry partnerships specific to the proposed program.

This program proposal is a result of discussions and collaborations between NCCC and USD 413 based on results of the local needs assessment along with student interest. The secondary pathway of culinary arts in Family and Consumer Science (FACS) is very popular at the USD and this proposed program would benefit students interested in achieving a related employable certification upon completion.

In addition, as shown in the letters of support, several local long term healthcare facilities have offered support and partnership through internship and potential hiring opportunities.

Was collaboration with similar programs pursued:
  - Please explain the collaboration attempt or rationale for why collaboration was not a viable option.

The driving force for the development of this program was documented interest from students and administrative support from the local USD in Chanute, Kansas. In order to serve the local need and to meet the needs of our local USD, we did not seek collaboration with other institutions.

*Prerequisite DIET 102 & DIET 104

• List any pertinent program accreditation available:
  - Provide a rationale for seeking or not seek said accreditation
  - If seeking accreditation, also describe the plan to achieve it

NCCC is seeking accreditation through the Association of Nutrition & Foodservice Professionals (ANFP). Accreditation will allow students to be eligible for test-taking and credentialing examinations. NCCC’s curriculum design for this certificate program is based on the guidelines of this accrediting organization.

Once the program approval process is complete, the program coordinator will move toward completing the initial program review required to gain accreditation.

Faculty
• Describe faculty qualifications and/or certifications required to teach in the proposed program.

A qualified professional with at least two years of practitioner competency who has teaching responsibility at the program site.
  - Nutrition and Medical Nutrition Therapy classes must be taught by a Registered Dietitian Nutritionist.
  - Instructors who teach online must have completed a formal online instructor training program.
Cost and Funding for Proposed Program

- Provide a detailed budget narrative that describes all costs associated with the proposed program (physical facilities, equipment, faculty, instructional materials, accreditation, etc.).

Costs for the program will be shared between NCCC and USD 413. NCCC is providing the program space at NCCTC, instructional costs, tools and supplies for the program, instructional supplies and materials, the technology needed in the classroom, and the accreditation fees. The USD will be providing funds for facility requirements and major equipment for the industrial-style kitchen in the learning lab.

A detailed breakdown of costs are found on the CA1a form, however the cost to NCCC for the implementation year sums to $25,200. Funding sources for this amount include the possibility of Perkins funding (pending approval) and the general fund.

If this program is not approved for Perkins funding, the college has alternate means of funding for the implementation of this program. Recently, NCCC cut back on numerous positions in anticipation of the economic fallout from COVID-19. Much of that fallout has not been realized, including a smaller drop in enrollment than was anticipated, a state aid cut that did not happen, and an unpaid property tax rate that was within normal levels. This gives the institution flexibility to add back positions where they will do the most good to advance the mission. If Perkins funding is not approved, it is possible that we could reallocate some of those funds saved for the implementation of this program.

Also, as mentioned in separate locations of this application, USD 413 has proposed financial support to help support this program. The lab for this program is estimated to cost approximately $500,000, which will be paid for by a one-time gift from USD 413 as well as other donations and gifts.

In subsequent years, recurring costs for this program includes instructional costs, instructional supplies and materials and an annual accreditation fee. Annually, the amount required to run this program will be approximately $13,450. Funding will be sustained through tuition and fees gained through enrollment. NCCC anticipates that this program will be self-sustaining with the 15 students interested and is approved for Excel in CTE funding. We are anticipating more students than that based on data from USD 413, but also from conversations from area districts we serve at the LaHarpe center who are also interested in this proposed program.

- Provide detail on CA-1a form.

CA-1a Form Included [Internal Document Link]

- Describe any grants or outside funding sources that will be used for the initial start up of the new program and to sustain the proposed program.

This program proposal is a result of discussions and collaborations between NCCC and USD 413 based on results of the local needs assessment along with student interest. The secondary pathway of culinary arts is very popular at the USD and this proposed program would benefit students interested in achieving a related employable certification upon completion.
Recently, NCCC acquired a building and developed plans to use space there to create the Neosho County Career and Technology Center (NCCTC). This center could potentially house up to eight technical programs that high school and adult students could attend for technical training that is critical to our region. USD 413 has proposed financial support to develop this program at NCCTC including the funds necessary to build a learning lab including an industrial kitchen on site.

**Program Review and Assessment**
- Describe the institution’s program review cycle.

The program review process reaffirms viability of the program and allocation of college resources in support of the mission, vision, and purposes of NCCC. Academic program reviews are required on a published cycle of every five years to ensure appropriate evaluation, accountability, and performance assessment.

The program review generated will include five sections; 1) Program Alignment with mission, vision, and purposes of NCCC, 2) Curriculum of Program and Outcomes Assessment, 3) Enrollment and Resources Data, 4) Analysis of Strengths, Weaknesses, Opportunities, and Threats (SWOT), and 5) Justification/Recommendations for the Program (including an action plan).

Program faculty will generate the program review document and will present the review to the Program Review Committee, chaired by the Chief Academic Officer. The formal guidelines for Academic Program Review at NCCC are located in this application packet (internal document link).

**Program Approval at the Institution Level**
- Provide copies of the minutes at which the new program was approved from the following groups:
  - Program Advisory Committee
    (including a list of the business and industry members)

Program Advisory Committee Minutes are attached (internal document link).

Dear Ms. Kellogg:

I am pleased to hear that NCCC plans to start a Dietary Manager Program. A program like this would be valuable to both the school and the community, bringing more students to Neosho County as well as giving an opportunity for persons in the community to start a new career. As a Registered Dietitian I fully support this decision and am willing to serve on the advisory committee. Unfortunately, as a private practice dietitian I do not work in a facility that would be appropriate for hosting student interns at this time.

Dear Ms. Kellogg:

I’m excited to hear that Neosho County Community College plans to develop a Dietary Manager Certificate Program. We feel that our employees will benefit greatly from this certified training and become more of an asset to our Home. This will also produce future employees that are more qualified for hire.

This will be an excellent training program. I am willing to serve on the advisory committee as well as open up our facility for mentorship and fieldwork experience.

Dear Ms. Kellogg:

Country Place Senior Living is so glad to hear that Neosho County Community College is interested in developing a Dietary Manager Certificate Program. In support of the program, I would gladly serve on the advisory committee and allow for students in the program to work with us in our facility for fieldwork experience. I would also be interested in sending employees to the program to become certified Dietary Managers.

I think this will be an excellent training program for high school, college-age, and adult students and this area needs this program for future employees within our facilities.

Dear Mrs. Karah Kellogg,

On behalf of Neosho Memorial Regional Medical Center, I would like to extend my support for the Dietary Manager Certificate Program Neosho County Community College is developing and wanting to offer their dietary students. I understand this program will be accredited through the Association of Nutrition and Foodservice Professional and thus will provide the education needed to fill open job positions within Neosho County.

Our support at Neosho Memorial could include potential internships within our dietary department as well as future employment within our facility.

Thank you for expanding your curriculum to enrich the students within this program to give them more opportunities and therefore building on professional growth within Neosho County.

If I can be further assistance or answer any questions you may have, I can be contacted at (620) 432-5313.

Thank you for all you do for the community to build a better future for Neosho County!

Sincerely,

Program Review Guidelines
Revised 9-18-2019

PROCEDURES OF THE PROGRAM REVIEW

The program review process reaffirms viability of the program and allocation of college resources in support of the mission, vision, and purposes of NCCC. Academic program reviews are required on a published cycle to ensure appropriate evaluation, accountability, and performance assessment.

The program faculty will generate the complete program review based on the guidelines provided. They will give a brief presentation to the committee highlighting sections 1-3. Sections 4 & 5 will be discussed and finalized by the program faculty and the review committee. Responsibility for completion of program reviews will be the full-time instructor or group of instructors responsible for the program. If no full-time faculty member is in charge of the program the division chair or program coordinator/director will be responsible for completion.

An analysis of the program review report will be during a Program Review committee meeting. The committee will rule on the program review in one of three ways:

- Endorse completely
- Endorse with required revision
- No Endorsement

The CAO has the ultimate responsibility for accepting the Program Review.

Completed Program Review Documents are to be stored in T:Common under Program Review and the year of completion.

TIMELINES

- Generally, the program review cycle will be every five years. Exceptions may include those programs with additional external accreditation requirements.
- Email Data request to IR, the Coordinator of Assessment, and the CFO: Program faculty must allow a three week timeframe between the data request and receiving data from IR.
- Report:
  - A copy of the report should be sent to the supervisor for the program at least two weeks prior to the review meeting. Once approved by the supervisor, the report will be sent to the committee.
  - An electronic version is due to the Program Review Committee (from program faculty) at least one week prior to the review meeting, hard copies are not necessary. The length of the document is suggested to be between 15-20 pages.
- Due Dates: Will be established annually by the Vice President for Student Learning.
Organization of Document

Title Page: Title of Program, Name(s) of Author(s), Date, Years included in the Review

PLEASE INCLUDE PAGE NUMBERS IN THE DOCUMENT.

Section 1: Alignment of program mission and purposes with mission and purposes of NCCC.

A. Describe and give examples of how your program has met the mission, vision, and purposes of NCCC since the last program review.
B. Brief History of the Program (Previous recommendations and SWOT analyses)

Section 2: Curriculum of Program and Outcomes Assessment

1) Program sheet (attach a copy of the program sheet(s))
2) Please provide a list of the core courses as shown on the program sheet. If there is important information about any discipline-related electives, list those electives here as well.
3) Please describe all methods of assessment used in the program. Does this discipline use a common assessment method? If so, describe the method and if that has any influence at the program level. Please gather information from ALL instructors in the discipline to provide a comprehensive list of assessment methods.
4) Program outcomes and matrix (attach copies of the most recent program outcomes and matrix)
5) Assessments
   1) **Course Assessments:** For each core course, provide the weighted average per course outcome for the four years involved in the review. Also, please provide an analysis of those scores by evaluating the trends (if any), and including information from instructor narratives from assessment report archives when applicable.
   2) **Program Assessments:** For the program, provide the weighted average per program outcome for the four years involved in the review based on data from the two biennial program assessment reports. Based on the Program Review Schedule, a program assessment report may be due along with a program review. Also, please provide an analysis of those scores by evaluating the trends (if any), relate any important information from the course assessment analysis, and provide any applicable information from the two biennial program assessment reports that were completed during this five-year cycle.

   2) Discuss any course or program outcome changes with the rationale for the change and make recommendations for any outcome changes in the future (if change is needed). Please note how the change(s) have/may affect instruction and/or curriculum content.
6) Efforts to stay current in curriculum
   1) Advisory groups
   2) Attendance/input from Kansas Core Outcomes Group meetings
   3) Professional Development
   4) Other

7) Identification of any barriers (if present) that are impeding the pursuit of professional development in your discipline.

Section 3: Data – Enrollment and Resources

Information in this section will be provided by Institutional Research. Send an email to Institutional Research requesting this data for the core courses at least three weeks before faculty wish to analyze the data for the report.

A. Enrollment numbers per year for the last five years:
   1) Each Course
      a) Headcount
      b) Credit hours generated
      c) FTE
      d) Grade distribution
      e) Withdraw numbers and percentages
   2) Enrollment by site, day/night
      a) Headcount
      b) Credit hours generated
   3) Instructor Information
      a) Fulltime instructors (List instructors)
      b) Adjunct instructors (List instructors)
      c) Percentage of courses taught by full and part-time instructors
   4) For AAS programs and certificates:
      a) Students in major/program
      b) Number of graduates/certificate completers
      c) Job placement information if possible*

DIETARY MANAGER Advisory Committee Meeting Agenda/Minutes
February 11, 2021
4:00 p.m.
https://neosho.zoom.us/j/99422850691

Present: Brenda Krumm, Karah Kellogg, Mandy Hillmon, Melissa Johnson, Jennifer Graber, Terri Markham, Matt McNally, Mary Hunt, Sherri Bagshaw, and Clayton Naff

I. Approval of Agenda- Brenda asks if anyone would like to add to agenda before request for approval. Melissa Johnson motions to approve the agenda, Matt McNally seconds the motion. The motion carried.

II. Approval of Minutes (NA – Inaugural Meeting)

III. Information Items
   a. Introductions – Brenda introduces herself and asks each of the committee members to do so as well. Brenda then explains that there will be two meetings per year and in the future meetings b, c, and d will be discussed.
   b. In future meetings: Student enrollment numbers and certification numbers
   c. In future meetings: Student employment numbers/earnings
   d. In future meetings: Course/Program assessment results

IV. Reports
   a. History of the Dietary Manager program development – Brenda Krumm – Brenda explains the program in detail and that we have health care programs and that the HS has a FACS program that is popular, so it would be beneficial to implement this program. Brenda also expressed the need of Dietary Managers based on multiple conversations in the recent past with facilities having a difficult time filling these positions, needing to perform national searches, etc. Brenda also mentioned research on average wages in the area with these facilities.

   b. Accreditation entity – Brenda Krumm – Brenda introduces the ANFP booklet guide and explains how we developed our program from their guide, that they have looked at our developed program, and we move on next to KBOR for approval.

   c. Partnership with USD 413 – Brenda Krumm and Sherri Bagshaw – Brenda states the location of the program will be at the (NCCTC) and the collaboration with USD 413, that there will be an industrial kitchen where students will prepare for fieldwork. Sherri Bagshaw explains that upper-level FACS students will also utilize this area and prepare for careers beyond high school.

   d. Brenda states that the plan will be Fall 2022 for start goal. Matt verifies if this program will be available to high school and adult students and Brenda confirms, describing it as a “tech hub”, emphasizing that we want it to be viewed as a college tech program. Sherri agrees, adding the importance of this idea, and the location being a huge plus because it will be less easy to “dump kids”.
V. Old Business
   a. NA

VI. New Business – Clayton Naff joins us at this point and introduces himself.
   a. Dietary Manager Program Sheet – Brenda Krumm – Brenda goes over the program sheet, explaining that Food Production course is not required but a good piece and vital to the program. She also explains that the two first semester courses are required before the two second semester courses, as indicated by asterisks. She explains the divide in instruction and credentials to be qualified to teach the courses, how we will need a Registered Dietician for some, and the high school FACS instructor is qualified to teach the other courses. Also, the facilities will each have a preceptor who coordinates with us and communicates how students are doing, etc. Brenda also mentions the ability to design this into a 4-semester program. Sherri asks about certification and the requirement to be 18 years old. Brenda hasn’t come across that requirement but will check into it.

   b. Dietary Manager Courses – Brenda Krumm – Brenda tells member that the course syllabi are developed and asks groups if they would like to go over each one. Group declines, as they felt that program sheet with list of courses was descriptive enough.

   c. Letters of support for Kansas Board of Regents – Karah Kellogg – Karah says how she’s secured 8 letters of support, having received 5 so far. Others in the meeting stated that they would get theirs in tomorrow. She states that 5 of the support letters state that they will allow students to intern in their facility, 2 state that they will be a guest speaker to future students, 2 state that they would like to send their current employees to the program to become certified. All stated that they would serve on the advisory committee.

VII. Other – Brenda stated that the upcoming steps were to submit to KBOR, and 14 college presidents would review, then tech authority (TEA). We are hoping to get on TEA’s March approval, then KBOR’s April agenda for approval. We will keep you posted.

VIII. Adjournment – We thanked everyone for their support and meeting adjourned at approximately 4:45 p.m.

MINUTES

December 04, 2020

PRESENT: Kevin Blackwell – Co-chair, Dr. Luka Kapkiai – Co-chair, Richard Webber, Mary Weilert, Megan Goins, Jonah Amponsah, Dr. Steve Yuza, Janet Mitchell, Dr. Ted Babin, Peggy Carman, Pam Covault, Stephen Dowell, Dr. Marie Gardner, LuAnn Hauser, Brenda Krumm, Dr. Sarah Robb, Ryan Rose, Debra Schommer, Amy Smith, Mark Johnston, Bailey Danielle, Kyle Bures, Karah Kellogg, Rita Morton - Recorder

I. Call to Order
Kevin called the meeting to order at 2:00 p.m.

II. Approval of Agenda

Consent Agenda
Heard from Kevin amendments to the agenda. He added an Informational Item: A. CCR Divisions Reorganized. He also moved New Business items D. and E. to the A. and B. positions. Lastly, he renamed New Business item F. “New Creative Writing Course” to “Creative Writing Name Change”. Richard moved to approve the agenda as amended. On second from Brenda the amended agenda was approved.

III. Approval of Minutes
Kevin announced that the minutes from the November 04, 2020 meeting were approved via electronic voting and posted to the myNeosho Committees tab.

IV. Informational Item

A. CCR Divisions Reorganized
Heard from Kevin a reminder of discussion in the last meeting about reorganizing the Divisions listed on the syllabi and CCRs. This discussion stemmed from confusion on how to identify the appropriate Division for OTA. It was decided in the last meeting to leave the syllabi as it is for now. He said that after some research, there was a larger discussion in SLD about the CCRs. As a result, the divisions on the CCR were reorganized and he went over the new listing of Divisions.

V. New Business

A. PSYC 274 Degree Elective
Kevin briefed the committee on a proposed elective on the AA and AS degree sheets under the Social and Behavioral Science listing. Heard from Mark Johnston that this course is one of the few we offer that is applied psychology. As a required course for those students going on to major in Psychology, it is also a popular course with students from all different disciplines. As this is not a SWT course, Mark said for Pitt State, K-State and Emporia it transfers as a psychology elective for Psychology students and counts toward their core courses; for everyone else it counts as a general elective. The goal is to implement this the Spring 2021 semester with students applying for variances
Kevin shared that he reached out to Andrew Haworth and Kyle Bures. Andrew indicated he did not have an issue with this change. Kyle also shared that if it is something regularly requested and approved as a variance it would make sense to add it. It was proposed to also add it to the AGS degree under the same section. On motion by Dr. Babin and a second from Pam, the added elective to the AS, AA, and AGS degrees was approved.

B. New PSYC Course
Heard from Kevin that the new PSYC 289 course proposed by Mark Johnston was approved in Division. Mark wrote outcomes for the course and those have been revised several times by Steve Dowell. Mark described the course content, talked about the prerequisites, and explained the outcomes. There are only two other community colleges offering it in the state. The course is a benefit to students trying to participate on research teams after transfer, to PTK students who have an option to do research for credit and recognition, and Peggy added that it would also be good for OTA students. The class would be offered once a year for Fall semester on the Chanute campus. There was some discussion about funding the SPSS software license and approving projects involving human subjects. Ted moved to approve the new course. On second from Megan the new course was approved.

C. Dietary Manager Program
Kevin shared that this is a new certificate program proposed by Brenda Krumm using the Association of Nutrition and Foodservice Professionals (ANFP) Training Program requirements. Brenda said that all the outcomes and competencies came directly from the accreditation guide which also dictates how many hours are spent on each section of the curriculum and the whether it is lecture or lab. All syllabi have been reviewed by Steve Dowell. The program would make a good collaborative initiative between USD 413, NCCC, and NMRMC.

i. **DIET 102 Nutrition for Dietary Managers**
There has been some initial groundwork done for a registered dietician to teach this course. After clarifying some wording with the guide, Steve Dowell moved to approve and Richard seconded the motion.

ii. **DIET 104 Foodservice, Sanitation, and Safety**
Brenda described a department wide internal matrix she is implementing focusing on employability skills that are a concern for students to have. Janet moved to approve and Pam seconded the motion.

iii. **DIET 202 Business Operations, Personnel & Communications**
After review of the syllabus Richard moved to approve and Pam seconded the motion.
iv. **DIET 204 Food Production**
Some discussion about the course outcomes and a lab component to this course. After further review of the syllabus Richard moved to approve and Pam seconded the motion.

v. **DIET 210 Dietary Manager Fieldwork Experience**
Brenda described how the instructor for this course would coordinate and assign site supervisors at the various facilities and with professionals at the sites. After further review of the syllabus Dr. Yuza moved to approve and Jonah seconded the motion.

vi. **Dietary Manager Program Sheet**
Brenda described a partnership with USD 413 and their new Culinary Arts program and how Dietary Manager is a nationally recognized credential required in some care facilities and no one else in southeast Kansas is offering this training. Dr. Yuza moved to approve the program sheet and Richard seconded the motion.

vii. **Dietary Manager Program Matrix**
After some minor corrections LuAnn moved to approve the matrix. Steve D. seconded the motion and the certificate program was approved.

D. **OTA Updates**
Heard from Peggy that these are the last two syllabi to be revised to align with new accreditation standards.

i. **OTA 100**
After a brief review of changes to the syllabus, there was discussion about a title change. Pam moved to approve the updates and title change. Janet seconded the motion and the updates and title change were approved.

ii. **OTA 104**
After a brief review of changes to the syllabus Dr. Yuza moved to approve the updates. Janet seconded the motion and the updates were approved.

E. **Philosophy and Humanities Program Sheet**
Dr. Kapkiai briefly described the minor correction to the program sheet. Kevin shared that the statement being stricken from the program sheet is the same statement that had been stricken from the Art program sheet in a previous committee meeting. He said that the History program sheet will be brought to committee at a later time to do the same change there as well. Dr. Yuza moved to approve these revisions. On second from Brenda the revisions were approved.
F. Creative Writing Name Change
Heard from Kevin that this course was called Creative Writing when it was negotiated for statewide transfer. The closest course we had at the time was Intro to Fiction Writing. The title of the course was not changed at the time of negotiation and it is in the SWT system as ENGL 250 with a title of Intro to Fiction Writing. We have the same approved outcomes for SWT. To use the term Creative Writing opens a broader scope to include poetry and nonfiction. Rather than creating a new course, it is easier to update the existing course with the title change. Richard moved to approve the title change. On second from Janet the change was approved.

G. KCOG Updates
Heard from Dr. Kapkiai a minor change made to both lecture and lab courses to course outcome #5. This change does not impact the matrix. He also explained that the KRSN number changed. Lecture and lab courses are now combined under one number instead of two.

i. CHEM 105
Megan moved to approve the revisions and Pam seconded the motion.

ii. CHEM 106
Richard moved to approve the same revisions to the lab course and Janet seconded the motion.

**VIII. OLD BUSINESS**

A. **Renewal of Neighborhood Revitalization Program with - City of Chanute & County of Neosho**

At the November 16, 2020, meeting the Trustees approved renewing the college’s support of the Neighborhood Revitalization Program with the City of Chanute and County of Neosho through December 31, 2022, and that notice of a public hearing to hear and consider public comment on the Neosho County Community College Neighborhood Revitalization Plan be published in the official city newspaper at least once each week for two consecutive weeks prior to the hearing to be held on December 21, 2020. The Neighborhood Revitalization Interlocal Agreement with the Board of County Commissioners of Neosho County, Kansas was approved for execution and delivery, and a similar agreement with the City of Chanute was also authorized if necessary.

**Resolution 2020-49**

RESOLVED, that pursuant to the authority provided in K.S.A. 12-17, 114 et seq. the Board of Trustees of Neosho County Community College, after a public hearing was held on December 21, 2020 at 5:30 p.m. to hear and consider public comment on the Neosho County Community College Neighborhood Revitalization Plan, approves and does hereby renew the college’s support of the Neighborhood Revitalization Program with the City of Chanute and County of Neosho through December 31, 2022, and for that purpose adopts and renews the Neosho County Community College Neighborhood Revitalization Plan.

The real property described in Part 1 of the Neosho County Community College Neighborhood Revitalization Plan that incorporates both the Neosho County, Kansas Neighborhood Revitalization Plan and the City of Chanute, Kansas Neighborhood Revitalization Plan, and any renewals thereof, by reference is designated as the Neighborhood Revitalization Area.
following conditions exist within the area: 1) a predominance of buildings which, by reason of dilapidation or obsolescence, are detrimental to public health, safety and welfare; 2) a substantial number of deteriorating structures which impair the sound growth of the County and the City, retards the provision of housing and constitutes an economic liability and 3) a predominance of buildings which, by reason of age, history or architecture, are significant and should be restored to productive use, and finds that the rehabilitation, conservation and redevelopment of said area is necessary to protect the health, safety and welfare of the residents of Neosho County, Kansas and the City of Chanute, Kansas.

On motion by Lori Kiblinger and second by David Peter the above resolution was approved unanimously.

B. Emergency Leave Policy

It is my recommendation that the board approve extending the emergency leave in the case of extreme circumstances. Board policy allows the college to approve up to two days (normally 16 hours) of emergency leave if requested. However, during the pandemic I am asking the board to grant me the ability to extend emergency leave if needed. I don’t want someone to get their pay docked because of the need to self-isolate. The CARES Act allows for two weeks of paid leave, but that part of the act runs out on Dec. 31, 2020. The policy follows.

Emergency Leave*

Each full-time employee will be given two (2) days of emergency leave to be taken when the employee does not have access to sick leave or vacation days (in that order). These days cannot be accumulated, nor can an employee be compensated for unused days. (Emergency leave for professional employees are subject to the provisions of the negotiated agreement between the college and the Professional Educators’ Association.)

Under extreme circumstances the amount of emergency leave can be extended with the approval of the President. This ability of the President expires April 30, 2021 unless extended by vote of the Board of Trustees.

*Covered by PEA Negotiated Agreement

Resolution 2020-50
RESOLVED, that the Board of Trustees of Neosho County Community College approved the revisions to the Emergency Leave Policy.

On motion by Charles Boaz and second by David Peter the above resolution was approved unanimously.

IX. NEW BUSINESS

A. Bids for HVAC – Neosho County Career and Technology Center

NCCC recently received a grant from the USDA to add two new programs to the Neosho County Career and Technology Center located at 4101 Ross Lane. A portion of this grant allotted funding to create two lab spaces and a classroom in the existing warehouse space on the south end of that facility. Currently there are only gas heaters in each corner of the existing
warehouse so it is necessary to provide a comprehensive heating and cooling solution for the new spaces that will be created within that portion of the building. Formal bid specifications were developed for the project (see attached). The bid specifications were specific to indicate that NCCC requested a Variable Refrigerant Flow (VRF) system so that we have the most flexibility should we expand programming within that space at a later time.

Notice was placed in local the paper to solicit quotations for the project and the following company’s submitted bids:

- Dales Sheet Metal, Inc. Iola, KS

Details of the bids are attached as a separate document. A summary of the sealed bids received by the college is listed below.

Each bidder was required to meet with the Director of Facilities and inspect the site prior to bidding. After meeting with each and reviewing the bids it is our recommendation that you accept the bid submitted by Dales Sheet Metal, Inc. for $20,938.74.

**Resolution 2020-51**

RESOLVED, that the Board of Trustees of Neosho County Community College approved the bid from Dales Sheet Metal, Inc. of Iola, KS, for the installation of a Fujitsu VRF system in the two new lab spaces and one classroom space within the Neosho County Career and Technology Center at a cost of $20,938.74.

On motion by Lori Kiblinger and second by David Peter the above resolution was approved unanimously.

**B. Executive Session: Consultation with Attorney**

On motion by David Peter and second by Lori Kiblinger the Board recessed into executive session for 15 minutes to consult with our attorney to receive advice concerning potential litigation pursuant to the open meetings exception for matters protected by attorney-client privilege and that our President, both Vice-Presidents, Chief Financial Officer and college attorney be included.

The board entered executive session at 5:40 pm and returned to open meeting at 5:55 pm. No action was taken.

**X. ADJOURNMENT**

On motion by David Peter and second by Lori Kiblinger the meeting adjourned at 6:40 pm.

Respectfully submitted,

Dennis Peters, Board Chair

Please indicate any additional support and/or funding for the proposed program:

This program proposal is a result of discussions and collaborations between NCCC and USD 413 based on results of the local needs assessment along with student interest. The secondary pathway of culinary arts is very popular at the USD and this proposed program would benefit students interested in achieving a related employable certification upon completion.

Recently, NCCC acquired a building and developed plans to use space there to create the Neosho County Career and Technology Center (NCCTC). This center could potentially house up to eight technical programs that high school and adult students could attend for technical training that is critical to our region. The USD has proposed financial support to develop this program at NCCTC including the funds necessary to build a learning lab including an industrial-level kitchen on site.
