SOURCE: KBOR KHEDS AY Collection and P20 Data Systems

- 1: Number in cohort represents first-time, degree-seeking by academic year.
- 2: Percent of developmental enrollers during their first academic year.
- 3: Percent of developmental enrollers completing developmental math or English/reading course(s) across two academic years.
- 4: Percent of developmental enrollers completing developmental math or English/reading course(s) and a gateway course (College Algebra or English Composition I) across two academic years.
- 5: Percent of developmental math enrollers during their first academic year.
- 6: Percent of developmental math enrollers completing developmental math course(s) across two academic years.
- 7: Percent of developmental math enrollers completing developmental math and College Algebra across two academic years.
- 8: Percent of developmental English/reading enrollers during their first academic year.
- 9: Percent of developmental English/reading enrollers completing developmental English/reading course(s) across two academic years.
- 10: Percent of developmental English/reading enrollers completing developmental English/reading and English Composition I across two academic years.
