COMPLAINT PROCEDURE

Private postsecondary institutions operating in Kansas must meet and maintain certain statutorily established standards in order to qualify for a certificate allowing them to offer degrees, training or course work to Kansas citizens. It is the goal of the Kansas Board of Regents to insure that the institutions subject to KBOR authority comply with the applicable laws as they provide educational training and programs. Thus, KBOR accepts complaints involving those institutions.

If an individual does not wish to be identified or to put anything in writing, it is very hard for KBOR to investigate their complaint. It is very important that all persons who have a complaint about such a school understand that KBOR does not represent individuals and cannot act as their legal representative. However, all individuals have the right to seek advice from a private attorney.

When problems or concerns arise, the involved individuals should attempt to reach a fair and reasonable solution by first taking the following steps:

1. Discuss the issue thoroughly with the teacher or other involved school employee(s).

If there is no resolution continue to Step 2.

- 2. Discuss the issue with the manager or director of the school. If there is no resolution continue to Step 3.
- 3. Present the facts and issue to the owner of the school.

Individuals with a complaint about a private or out-of-state school operating in Kansas must use the required KBOR complaint form and provide the requested information. Failure to do so may result in KBOR being unable to accept or process the complaint.

If KBOR receives the completed complaint form together with any other pertinent written information, KBOR staff will ordinarily take the following steps:

- 1. KBOR will review the submitted information in order to determine if it is sufficient. If insufficient information has been submitted, the complainant will be so informed and given a deadline for submitting additional necessary information.
- 2. Once sufficient information is provided, KBOR will determine if it has jurisdiction and authority over the matter. If it does not, the complainant will be so informed and the file closed.
- 3. If the complaint appears to involve matters over which KBOR has legal authority, KBOR will conduct an investigation in the manner that it deems appropriate

under the circumstances. In most instances the school will be contacted, provided a copy of the written complaint and given an opportunity to respond to it, in writing. In other situations, KBOR may conduct interviews and speak to witnesses including the involved parties.

- 4. Based upon the results of the investigation, KBOR will determine whether the matter has been resolved or requires further action by KBOR.
- 5. The matter may also be referred to other governmental agencies that may have authority over aspects of the complaint such as the Consumer Protection Division of the Office of the Attorney General or a District/County Attorney.
- 6. The complainant will be notified of any proposed resolution or final action by KBOR, if doing so will not compromise any further investigation or adjudicative actions, and will always be informed when their complaint file is being closed.
