Section II Notes

General Notes:

1. For **tuition and fees only**, “Academic Year” refers to a sequence of Fall, Spring, and Summer, the given year being the year in which the spring and summer semesters occur (i.e. the 2016 Academic Year for tuition, covers Fall 2015 + Spring 2016 + Summer 2016). However, for **data collection**, “Academic Year” refers to a sequence of Summer, Fall, Spring, the given year being the year in which the spring semester occurs (i.e. the 2016 Academic Year for data collection, covers Summer 2015 + Fall 2015 + Spring 2016). Please note that the difference in academic year is for **tuition and fees only**, and all other tables or notes referencing AY in this publication are referring to **data collection** academic year.
2. “Required Fees” include mandatory fees generally paid by all students. They do not include other fees institutions may charge on a conditional basis (such as housing, certain lab fees, etc.)
3. Tuition and fees listed in this section have been approved by the Kansas Board of Regents, per standard procedures as outlined in the KBOR Policy Manual. Section II.D.1 a-b of the KBOR Policy Manual provides that “Each state university shall submit proposed changes for the following to the student body president and to the appropriate student organization prior to Board consideration: (1) fees required of every student as a condition of enrollment; (2) student housing fees; (3) building construction fees; (4) changes in academic fees; and (5) tuition rates.” Once approved by the appropriate student organizations, all proposed changes for tuition and required fees must come before the Fiscal Affairs and Audit Committee of the Board for their review. After approval by the Fiscal Affairs and Audit Committee, proposals are then sent to the full board for their final approval.
4. Full-time denotes 15 credit hours for undergraduate students.
5. Full-time denotes 12 credit hours for graduate students.

Tables 2.1a – 2.1d

1. Tuition and fees listed are for full-time students, per semester.
2. From Academic Years 2008 through 2018, the University of Kansas offered first-time freshman the option of entering into a tuition compact. During each year the tuition compact was available, a compact rate was calculated for the incoming freshman class. If the compact rate was chosen, the per-credit-hour tuition rate remained the same for four years. Beginning Academic Year 2019, the University of Kansas stopped offering the compact tuition rate option.

Table 2.2: Tuition and Fees – Resident/Non-resident by Student Level

1. Table 2.2 identifies tuition charged of both undergraduates and graduates for state universities. It also identifies both tuition and required fees being charged at each institution. Each institution has certain fees mandatorily charged of each student in addition to tuition. These fees finance a variety of items including student activities, student health services, and the cost of student unions. In regards to budget, a major difference is that tuition is part of the General Use budget and fees are a part of the Restricted Use budget. When making national comparisons of student charges, it is necessary to compare combined tuition and required fees.

Table 2.3: Five-Year Undergraduate Tuition and Fees Comparison, Academic Year 2013 and 2018

1. The revised peers for the University of Kansas were published incorrectly in Fiscal Year 2014. This affects the previously published 2015 State University Data Book as well as the Relative Funding of Instructional Faculty Salaries for Fiscal Year 2014 listed on Table 2.3.
2. Beginning in Fiscal Year 2014, the universities now have revised peer institutions. A list of previous peer and revised peers for each institution is as follows:

University of Kansas

Previous Peers

University of Colorado
University of Iowa
University of Oregon
University of North Carolina
University of Oklahoma

Revised Peers

Indiana University (Bloomington)
University of Missouri (Columbia)
University of Oregon
Michigan State University
University of Buffalo

Kansas State University***Previous Peers***

Colorado State University
Iowa State University
Oregon State University
North Carolina State University
Oklahoma State University

Revised Peers

Auburn University
Clemson University
Colorado State University
Oklahoma State University
University of Massachusetts – Amherst

Wichita State University***Previous Peers***

University of Akron - OH
Oakland University
Old Dominion University
Portland State University
University of Nevada

Revised Peers

New Mexico State University
University of Massachusetts – Lowell
University of Nevada-Reno
University of North Dakota
Wright State University

Emporia State University***Previous Peers***

Eastern Washington University
Northwest Missouri State University
Northern Michigan University
Salisbury University – MD
Western Carolina University

Revised Peers

Colorado State University – Pueblo
Northwest Missouri State University
Pittsburg State University
University of Nebraska – Kearney
West Texas A&M University

Pittsburg State University***Previous Peers***

Eastern Washington University
Northwest Missouri State University
Northern Michigan University
Salisbury University – MD
Western Carolina University

Revised Peers

Arkansas Tech University
Ferris State University
Indiana University of Pennsylvania
Northwest Missouri State University
Valdosta State University

Fort Hays State University***Previous Peers***

Eastern Washington University
Northwest Missouri State University
Northern Michigan University
Salisbury University – MD
Western Carolina University

Revised Peers

Northwest Missouri State University
Colorado Mesa University
Northeastern State University – OK
Southeast Missouri State University
Tarleton State University

Table 2.4: Ratio of Tuition Revenues to Education Costs

1. Compiled from Tuition revenues as a percentage of Education costs, defined as: General Use expenditures for Instruction, Academic Support, Student Services, Institutional Support, Scholarships, and Physical Plant.
2. This is the traditional “Kansas Fee to Cost Ratio” which has been measured in this manner since 1966.

Table 2.6: Relationship of Resident Tuition per Semester and Consumer Price Index

1. This table has been modified to compare CPI-U against the average resident undergraduate tuition for all state universities. In previous data books, this table only compared against average resident undergraduate tuition at the University of Kansas and Kansas State University.
2. The average resident undergraduate tuition per semester is measured in terms of Academic Year for tuition and fees, defined previously in this notes section as well as in the glossary.
3. The CPI-U data comes from the Bureau of Labor Statistics’ CPI Databases. The data shown in Table 2.6 of the State University Data Book in the CPI-U column is the annual average found on CPI Databases: All Urban Consumers (CPI-U), All items in U.S. city average, all urban consumers. For individuals interested, the CPI Databases can be found here: <https://www.bls.gov/cpi/data.htm>.

Table 2.7: Relationship of Resident Tuition per Semester and Per Capita Income

1. This table has been modified to compare per capita income against the average resident undergraduate tuition for all state universities. In previous data books, this table only compared against average resident undergraduate tuition at the University of Kansas and Kansas State University.
2. Per Capita Income totals from 1997 – 2017 were updated to reflect revisions made by the Bureau of Economic Analysis in September 2018. Therefore, the percent changes, ratio percentages, and Kansas per capita income data all differ from prior year data books.
3. The average resident undergraduate tuition per AY (two semesters) is measured in terms of Academic Year for tuition and fees, defined previously in this notes section as well as in the glossary.
4. The Kansas per capita income data comes from the U.S. Department of Commerce, Bureau of Economic Analysis (BEA), specifically from the personal income summary. The per capita personal income is the total annual personal income divided by the total midyear population. All dollar estimates are in current dollars, and are not adjusted for inflation. The Bureau of Economic Analysis releases data in April which are estimates based on an average of the four quarters of the previous year. In September, the BEA releases a final annual figure, which is the total used for Table 2.7 of the State University Data Book. This data can be found here: <http://www.bea.gov/iTable/iTable.cfm?ReqID=70&step=1>.

Table 2.8: Consumer Price Index (CPI-U) and Higher Education Index (HEPI)

1. The CPI-U data comes from the Bureau of Labor Statistics’ CPI Databases. The data shown in Table 2.6 of the State University Data Book in the CPI-U column is the annual average found on CPI Databases: All Urban Consumers (CPI-U), All items in U.S. city average, all urban consumers. For individuals interested, the CPI Databases can be found here: <https://www.bls.gov/cpi/data.htm>.
2. The HEPI data comes from the Research Associates of Washington and Commonfund Institute, specifically Table A of the Commonfund Report– the Historical Summary of Higher Education Price Index and Consumer Price Index. The HEPI data is reported based on a fiscal year.
3. The Higher Education Price Index (HEPI) is an inflation index designed specifically for use by institutions of higher education. HEPI measures the average relative level in the price of a fixed market basket of goods and services purchased by colleges and universities each year through current fund educational and general expenditures, excluding research. HEPI is considered a more accurate indicator of cost changes for colleges and universities than the Consumer Price Index (CPI), and it is used primarily to project future budget increases required to preserve purchasing power. The HEPI report can be found here: <https://www.commonfund.org/commonfund-institute/higher-education-price-index-hepi/>.
