Approval of Minutes
Regent Lane moved to approve January 18, 2023, meeting minutes, and Regent Mendoza seconded the motion. With no corrections, the motion passed.

Credit by Exam Policy Revision
Tara Lebar presented a request for revisions to the KBOR Credit by Examination policy on behalf of the Credit for Prior Learning (CPL) Task Force. Background and changes are outlined on page 5 of the agenda, and the policy can be found at https://www.kansasregents.org/about/policies-by-laws-missions/board_policy_manual_2/chapter_ii_governance_state_universities_2/chapter_ii_full_text#exam. The task force and KBOR staff are requesting state universities to adopt standardized cut scores for awarding credit for Cambridge International A and AS Level exam scores of E and above when evaluated for equivalent courses. The Council of Chief Academic Officers (COCAO) approved the request on January 18th.

Regent Mendoza moved to approve revising the Credit by Examination policy as presented, and Regent Lane seconded. The motion passed unanimously.

Background on Program Review
Sam Christy Dangermond presented information on the current program review process, as found on page 13 of the agenda. Sam included background information, program review criteria, the review process, minimum
criteria established by the Board, report components, the addition of Strategic Program Alignment to the program review policy, and a history of the associated activities over the past few years. In summary, Sam provided the following:

- There are six criteria by which we ask institutions to evaluate programs, but very few specific metrics are provided, resulting in some inconsistencies across the system;
- Each university determines when in the eight-year cycle it will review each of its programs, resulting in a wide variety of programs the Board must review each year, with little to no opportunity to compare similar programs across the system; and
- Most of the universities had at least one year in the eight-year cycle during which they did not review/report on programs which is not a problem itself but might imply that a shorter cycle could work.

The Committee discussed that while this is a university process, there may be a need for the focus to come from the Board. Regent Kiblinger noted that BAASC would have additional discussions, and she will discuss with Board Chair Rolph about starting a larger conversation on the purpose and most efficient processes, metrics, and criteria. Regent Lane asked if they could next look at how to move from the current process to the new process and how this will tie into rpk GROUP work.
