

- The Investment Provider will work closely with KBOR to develop a communication campaign of the upcoming fund lineup changes
- The new investment option will be added to the KBOR Mandatory Retirement Plan effective July 1

#### **Plan Vendor Benchmarking Guidelines**

The RPC, as a best practice, will require a periodic plan vendor(s) benchmarking review.

As a guideline, a formal benchmarking review process will occur every 4 years and issue an RFI/RFP every 8 years. The RPC reserves the right to make an exception for extraordinary events such as regulatory changes, vendor consolidation and/or ownership change, plan design enhancements, or other such unforeseen events.
