WSU	ECON 201	Principles of Macroeconomics	3

Macroeconomics - ECO1020 CORE OUTCOMES

Course Effective Date: Fall 2012

Outcome Approval Date: Fall 2018

Next Outcome Review Date: Fall 2023

Upon completion of the above listed course, students will be able to do the following:

1. Demonstrate the economic way of thinking including scarcity, opportunity cost, production possibility, and marginal analysis.
2. Utilize the supply and demand model to analyze market outcomes.
3. Apply the key macroeconomic indicators to interpret the performance of the aggregate economy including output, price level, and employment.
4. Utilize economic models to explain changes in short-run fluctuations and long-term growth.
5. Evaluate the impacts of fiscal policy on the macroeconomy.
6. Define money and banking, then evaluate the impacts on the monetary policy on the macroeconomy.
