*The decision for lower division courses to count toward upper division credit hours required for graduation is at the discretion of the institution.

Nutrition - HSC1010 CORE OUTCOMES

Course Effective Date: Summer 2015

Outcome Approval Date: Fall 2014

Next Outcome Review Date: Fall 2019

Upon completion of this course, students will be able to:

1. Identify the six classes of nutrients and their sources.
2. Demonstrate an understanding of the processes of digestion, absorption, and metabolism of nutrients.
3. Employ available resources to make sound nutritional choices.
4. Explain energy balance and weight control as it relates to nutrition and wellness.
5. Describe nutritional needs throughout the lifespan.
6. Recognize global food safety, security, and sustainability issues.
