Institutional Profiles Notes – Kansas State University Extension Systems and Agricultural Research Programs (KSRE)

**General Notes:**

1. Kansas State University – Extension Systems & Agricultural Research Programs (KSRE) does not contain student enrollment and demographic data as KSRE primarily serves a research and service function.
2. Kansas State University – Extension Systems & Agricultural Research Programs (KSRE) was established as a separate budget unit in Fiscal year 1993 by the merger of Kansas Agricultural Experiment Station (KAES), the Cooperative Extension Service (CES), the International Grain, and the Mean and Livestock programs. All programs previously part of the KSU budget but under the jurisdiction of the Dean of Agricultural (except for the Office of Academic programs and Office of the Dean) are included in the separate agency administered by the Dean of Agriculture.
3. Kansas State University – Extension Systems & Agricultural Research Programs (KSRE) is a statewide network of educators sharing unbiased, research-based information and expertise on issues important to Kansas. It has established local, state, regional, national, and international partnerships. It is dedicated to a safe, sustainable, competitive food and fiber system and to strong, healthy communities, families, and youth through integrated research, analysis and education. With more than 125 years of research and 100 years of extension, KSRE has been improving the quality of life and standard of living for Kansans for a century. This integrated system connects the university to every county through locally based educators who serve as sources of objective information.
4. Extension Systems and Agricultural Research Programs of Kansas State University separate state agency for purpose of governor’s budget report and related legislative measures; title for such purpose. For the purpose of preparation of the governor's budget report and related legislative measure or measures for submission to the legislature, the Extension Systems and Agriculture Research Programs of Kansas State University shall be considered a separate state agency and shall be titled for such purpose as the "Kansas State University — Extension Systems and Agriculture Research Programs." The budget estimates and requests of such systems and programs shall be presented as a state agency separate from Kansas State University, and such separation shall be maintained in the budget documents and reports prepared by the director of the budget and the governor, or either of them, including all related legislative reports and measures submitted to the legislature.
5. Due to rounding, numbers may not match other published reports.
6. In Fiscal Years 2020 through 2022, the universities received varying amounts of funding for COVID-19 relief. These amounts are primarily reflected as restricted use expenditures.

**Table B: Total Operating Expenditures by Fund**

1. K-State Research and Extension requested and received permission to re-designate their federal land grant funds from General use to Restricted Use. Due to this reclassification, the other general use funds which were included in the FY 2017 Budget Request Document as the summary by funding source for FY 2015 actuals are not included in the FY 2018 Budget Request Document, which affects the amount used for “Other General Use” on Table B. While this change began with the FY 2017 actual figures, K-State Research and Extension adjusted their FY 2016 actuals to match the new FY 2017 budget structure in this years’ operating summary to provide better comparison between the two years.

**Table C: All Funds Operating Expenditures by Program**

1. The FY 2021 “Other (including Transfers” expenditure categories in Table C and Table D increased substantially from FY 2020 to FY 2021. This increase was related to capital improvement projects for renovations at Umberger Hall and the Feed Mill.

**Table D: General Use Operating Expenditures by Program**

1. The FY 2021 “Other (including Transfers” expenditure categories in Table C and Table D increased substantially from FY 2020 to FY 2021. This increase was related to capital improvement projects for renovations at Umberger Hall and the Feed Mill.

2. Beginning in FY 2019, K-State Research and Extension reflected no general use general use Physical Plant expenditures. This was due to a budget realignment within K-State Research and Extension which realigned funding between Restricted Use and General Use.

**Table E: General Use Operating Expenditures by Object**

1. Beginning in FY 2019, K-State Research and Extension reflected no general use general use utilities expenditures. This was due to a budget realignment within K-State Research and Extension which realigned funding between Restricted Use and General Use.
